

Heaven on the Planet  
Ekas, Lombok

# an Unspoiled location Tours

## Tours

You are welcome to come on one of our great tours of the Islands of Lombok and Sumbawa, a place we know so well. Tours are available for surfing, diving, natural, shopping and cultural.

## Surfing

- 1-day overland tours take you to the well-known breaks around Lombok – Grupuk, Kuta, Mawi and Desert Point.
- 2 day overland tours take you to the west coast of Sumbawa for Scar Reef, Super suck and others famous breaks.
- Local tours on our 15 m boat go to Ekas Bay breaks, or the Southern Reefs. Every surf break is known to us, plus the best tides, winds and swell sizes.

## Diving

Our diving speciality is the untapped underwater wilderness of south-east Lombok and Ekas Bay - the only team specialising in the East. Full tours also go to the outstanding reefs of the north-east of Lombok, either overland or by boat.

## Natural

Our waterfall tour at the foot of Rinjani volcano has been very popular – a refreshing dip in the mountain stream surrounded by dense jungle. All remote locations in Lombok are a speciality and can be arranged on request.

## Shopping

Tours go to the pottery, pearl and weaving villages, plus the city of Mataram where bargains can be found everywhere.

## Cultural

Cultural tours are within walking distance of the Planet at the nearby village of Lendang Terak. Local villagers share their homes with you, and offer a snack with the very strong Lombok coffee. It is a great experience with the opportunity to learn how they make the many different handicraft baskets and place mats.
